Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 01 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and showers for Saturday.

This Evening and Tonight:
Patchy rain in the east easing through the evening leading to a largely dry and frosty night across the region with clear spells. Risk of frost and some localised fog patches developing, potentially freezing fog. Minimum temperature -2 deg C (28 deg F).

Saturday:
A dry morning on Saturday with most areas seeing sunny spells. Although scattered showers arriving from the west and spreading across the region through the evening. Cold with overnight frost. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Turning cloudier on Sunday with a risk of some wintry showers developing, then often cloudy with further showers on Monday. Perhaps drier with bright spells on Tuesday. Cold, turning breezy.
